

# GC Steel Plans Merger with National Steel, 4th Largest in U.S.

By VALERIE EVENDEN  
Press-Record Staff Writer

George A. Stinson, president of National Steel Corp., and Nicholas P. Voeder, chairman of Granite City Steel Co., today announced that a joint agreement has been reached in principle on the merger of Granite City Steel into National Steel Corp., the fourth largest steel company in the U.S.

Consummation of the agree-

ment is subject to working out a satisfactory merger agreement and approval of the directors of both companies and the shareholders of Granite City Steel, a spokesman for the local steel firm said.

Involved in the merger is the issuance to Granite City Steel shareholders of one share of National capital stock for each 2 1/2 shares of Granite City Steel stock held, the spokesman said.

The two companies currently are submitting data relating to the merger to the U.S. Department of Justice for its review, it was learned.

Based in Pittsburgh, Pa., National Steel Corp. consists of three major steel companies and several related plants.

Principal works are Great Lakes Steel Co., Detroit, Mich.; Weirton Steel Co., Weirton

West Va., and Midwest Steel Co., Portage, Ind. (Chicago area).

Other companies owned by National Steel Corp. include Stran-Steel Corp., Houston, Tex.; Hanna Furnace Co., Buffalo, N. Y.; National Steel Service, Inc., headquartered at Evanston, Ill.; National Aluminum Division, Pittsburgh; and National Steel Transportation Products Division, Chicago.

National Steel's net sales in

1970 amounted to \$1.25 billion. Income was listed at \$39.24 million.

The corporation produced 8,335,000 tons of steel last year, shipping 6,238,000 tons. The average number of employees is 30,500.

Net sales by Granite City Steel in 1970 were \$198,000 million with income of \$3,685,000. Production in raw steel at the local plant was 1,517,000 tons and 1.25 million tons were

shipped, the spokesman said. Employment at the Granite City works averages 5,400 persons.

Outstanding shares of Granite City Steel stock, listed as of Dec. 31, 1970, numbered 4,348,969, with 17,728 common stockholders on record.

The 2 1/2 stock ratio is based on prices of \$45 for National and \$20 for Granite City Steel stock.

The stock of the local com-

pany closed at \$16 1/2 Friday afternoon and was being traded at \$17 1/2 this morning, apparently partly due to reports of the merger proposal, the spokesman learned.

National Steel has assets of about \$500 million and is highly regarded in the industry for its efficient operations.

While a merger traditionally brings talk of changes in managerial personnel, no announcement has been made at

this time of any proposed changes.

Granite City Steel has been an industry leader in installing the most modern steelmaking equipment available.

Operating problems associated with breaking in the new equipment reduced profitability several years ago but in recent quarters the company has moved into "black ink," although not yet reaching the desired level.

## Seventh Ward Recount Demand To Confront Council Tonight

City council action on a demand for a recount of the April 6 vote cast in the election of an alderman in the city's Seventh Ward failed to develop Thursday night when a scheduled special council meeting was called off for lack of a quorum.

As a result, the issue is expected to be brought before the council in regular meeting tonight. A council decision is necessary in response to a notice of demand for the recount, and a determination must be made as to whether the recount, if granted, will be undertaken before or after the official canvass of the April 6 city vote. The canvass of the votes in a city election is made by the city clerk.

Demand for the recount was filed last week with City Clerk Robert Stevens by George Gordon, 2354 Boyle Ave., who was declared by the unofficial tally to have been defeated by incumbent Alderman Emerald Dawes by a margin of only three votes.

According to the unofficial returns, Dawes received 584 votes in the five precincts of the Seventh Ward to 581 for Gordon. A third candidate, Carl B. Schoenman, polled 272 votes. The Seventh Ward is made up of Precincts 27 through 31.

**Called Special Meeting**  
Mayor Donald Parney called the special meeting at 8 p.m. Thursday to consider the recount demand. In addition to the mayor and City Clerk Robert Stevens, only four aldermen answered the call — Paul Rutledge, Thomas Boker, Charles Moerlein and Sam Whitmer. City Attorney Leon Scroggins also attended.

Since eight aldermen are required for a quorum, the mayor declared the lack of a quorum at 8:10 p.m.

Procedure to be followed in a recount of votes was discussed informally by the officials. Scroggins said he was of the opinion the recount should be made before the votes of all precincts in the city's seven

wards are canvassed. The city council is expected to make the canvass tonight.

Rutledge asked Scroggins if the city council is required by law to react to a petition for a

## McManaway Again Heads Madison School Board

Chester McManaway was re-elected president of the Madison Board of Education at a reorganization meeting Thursday night.

William Vavra was named secretary, and Ray Kozielek was reappointed as treasurer.

John Gitchoff, school attorney, announced his resignation pending selection of a replacement or abolishment of the position. He advised that the board retain an attorney only as needed.

Gitchoff noted the time required in other activities, including the chairmanship of the new Madison County Building Commission.

The reorganization followed a canvass of votes cast in the school board election the previous Saturday.

**Depository Changed**  
During the meeting, the board, on a 5 to 2 vote, designated the Granite City Trust & Savings Bank as the school district's depository. The First National Bank in Madison had been the depository for years.

The Trust bank offered interest of 3 1/2% up to 30 days, 4 1/2% from 30 to 60 days and 5 1/2% for 60 to 90 days on savings certificates.

The Madison bank offered 4% for 60 to 90 days and 5% for more than 90 days, with an increase in rate for a year or longer.

The First Granite City National Bank offered 3 1/2% for 30 days, 4% for 30 to 60 days and 5% for 60 to 90 days.

A motion to transfer the ac-

count. Scroggins replied that the council is the sole judge on the recount requests and that if the council failed to act the petitioners always has recourse to the courts.

## County Half Size of Rhode Island, Contained Six-Mile, Eight Other Prairie Areas

Granite City's August will mark the 75th anniversary of its city. This is the third in a series of historical articles on the local community.

Past articles told of the first settlers on the site of Granite City and of the formation of Madison County. The latter topic is discussed by the 1886 Gazetteer of Madison County as follows:

In September, 1812, the County of Madison with others was organized by the proclamation of Governor Edwards. "Its exact limits at that period are difficult to ascertain. Governor Reynolds in a letter to the writer in 1861, said, 'I think the original limits of Madison County when Gov. Edwards & Co. formed it were bounded on the south by the line dividing townships two and three north and on the west by the Mississippi.'

"The northern limits, I think, reached to the North Pole, and on the east was the Wabash River, for a limit."

According to the map of Illinois and Missouri published by Tanner in 1822, it comprised in that year the same territory it now contains with the exception that townships 5, 6, and 7, all within its limits.

"At that time, 1822, if we may rely upon the authenticity of Mr. Tanner's map, the townships of the county were Troy, Marine Settlement, Madison (settled northeast of Marine Settlement), Edwardsville, Padock's Settlement (below the mouth of Wood River), Milton, Lower Alton, Upper Alton and Salu, the three last of which were marked down in township 18.

"Monk's Mound was translated half a dozen miles, and set down where it is today near Nameoki station now is."

In 1825, by act of the legislature, a tract of country 18 miles long by 20 wide and embracing parts of the present counties of Macoupin and Madison was attached to Madison temporarily.

In 1848, eighteen sections on the northeast part of the county were by legislative enactment set off to Bond County.

## 180 Suicide Attempts In County Each Year

(Tenth and last of a series on the Quad-City mental health center.)

For the suggested suicide prevention program in the southern half of Madison County, the local mental health center has proposed the following procedure:

"When notified of a suicide attempt, we will contact the physician responsible, if any. With his permission, we will contact the attempter.

"Sufficient information will be obtained to allow a tentative evaluation of his psychiatric

status, future suicide risk, precipitating factors, interpersonal difficulties, personal and family resources etc.

"This data will be evaluated by the worker in consultation with the psychiatrist and the director of Suicide Prevention Service, who has agreed to provide free consultative services. An appropriate treatment agency or plans will be determined.

"The worker in conjunction with the physician, if any, will work with the attempter after he enters treatment. Monthly

contacts by phone will be made with the attempter or family to insure progress and to see that the attempter stays in treatment until maximum benefit is obtained.

"In a new crisis, the worker will intervene as necessary with the attempter and his family to facilitate further treatment. We estimate that approximately 180 attempts occur in Madison County each year.

"We plan to use the techniques suggested by Schmidt, Robins and O'Neal; Tuckmann and Youngman; Cohen, Seiden and Mott; and Whittemore.

"Local norms will be developed in conjunction with the Suicide Prevention Service.

"Suicide attempts by virtue of their attempt come into contact with certain groups of professionals. Considerable effort will need to be expected to develop a system whereby we will be informed of nearly all suicide attempts.

"Police departments are frequently contacted to assist with first-aid and emergency transportation. Most of the departments can be expected to cooperate. A special form covering suicide attempts and suicides will be provided to the police.

"The form is identical to that used in St. Louis County. It seems to have worked well. Its emphasis on psychological precipitants of the attempt seems to have modified police attitudes, increasing their willingness to insure psychiatric care.

"The Suicide Prevention Service has agreed to cooperate.

ate in two ways. Since they have a 24-hour a day answering service, they will receive and relay reports of attempts to treat.

"The support of local physicians is necessary, but will take a considerable period of time to develop. We will offer to take over in event the doctor does not want to handle the psychiatric treatment.

"In many cases, the physician will wish to retain control. In these cases, our service to him will be on a consultative basis. The services of our psychiatrist will be invaluable to these cases. It will be necessary to plan and provide long-term education to physicians to increase their sophistication in handling attempters.

"Experience in other areas shows that social service and public aid agencies will readily use consultation. As time goes on, their readiness to handle suicidal individuals will increase and requests for consultation will be restricted to more serious suicidal risks or more difficult management problems.

"The backup services to Suicide Prevention Service need to extend our services into the community. The volunteers in the program do an excellent job, considering their experience and training.

"However, successful volunteers are very busy people and frequently lack the time to follow up on those callers who need help but are reluctant to seek it. This has been moving out of the area alone and into the general area of crisis intervention.

"Psychological autopsies are another service we believe is needed.

"Suicide is the number one cause of death in psychiatric disorders. Many of these cases represent treatment failures.

"Study of these deaths and other modes involving patients will provide input to upgrade or modify our service.

"Those suicides that occur in cases not having utilized our services or those of similar professionals or agencies represent a failure of our efforts to reach out into the community.

"They are frequently a product of failure to educate the public in the person of the victim or those of friends or relatives of the availability or indications for help when it is needed most.

"Psychological autopsies have been performed in several areas of the county. In many cases, they have been used for their therapeutic effect on the survivors.

"The survivors of suicides feel rejected, ashamed and guilty. According to Henslin, many of the usual community resources for help are not offered or used by these people. We feel that short-term crisis intervention in conjunction with the psychological autopsy will be very helpful to these people.

"A few autopsies have been done by Suicide Prevention Service, but we hope to expand the number and obtain systematic coverage.

"The survivors of suicides also are high-risk groups for psychiatric disorders and suicide.

"According to Farberow, there is significantly increased risk in these families of subsequent suicides.

"Twin studies (Kallman's) have shown a low but significant heritability factor in suicide. This is probably due to genetic transmission of personality characteristics or psychiatric disorders increasing suicide risk.

"The heritability indices approach those of schizophrenia (Haberlandt). Thus, working with these people should increase the likelihood that they will seek help when needed or that we can recognize the need when it appears. The mental health center staff has reported.

"We feel that funding of this

## Feminist to Speak at SIU-SW

Ti-Grace Atkinson, America's feminist theoretician, will speak at 3:30 p.m. Wednesday in Meridian Hall at Southern Illinois University - Southwestern campus University Center. The public is invited to hear the program without charge.

Miss Atkinson is one of five founding directors of Human Rights For Women Inc., the first foundation created to provide financial assistance for research on discrimination against women, litigation involving legal rights for women and educational projects on conditions concerning women.

According to Miss Atkinson, "the male-female class division is the model for all human oppression, and all of our cultural patterns and institutions developed after this initial division must be destroyed."

Miss Atkinson became prominent in 1967 for her public efforts to legalize abortion. "Every woman has full and sole rights over her body and its properties," she contended. She resigned from the presidency of the New York Chapter of the National Organization for Women (NOW) in 1968. The Washington Post quoted her as saying she resigned because of "irreconcilable conflicts with NOW over just how far it is necessary to go both theoretically and politically to free women as a class."

In the spring of 1969 she developed her analysis of what she calls radical feminism. "When feminism isn't radical on its own political terms, it is a dis-service to women. It produces nothing in the interests of women and it invites a backlash from men."

## Red Devils Drop Season Openers

Venice High School's baseball team was trimmed 8-3 Thursday at St. Paul. The Red Devils bowed 9-2 to Valfmeyr Friday as the local Red Devils opened their season during the week-end.

Venice held an 8-6 lead in the last of the seventh inning at Highland, and hurler Danny Maurer fanned the first two men in the frame before disaster struck. He walked four men, and an infield error produced the winning run.

Raymond Mosby came in to pitch to the last batter.

Maurer had relieved Cedrick Gardner in the last of the fourth.

"The team played well for their first game," Coach Robert McKinney said. "We have

a lot of young players who lack real experience, but that will come as the season goes on."

Valfmeyr totaled nine runs in 12 hits. The winners committed four errors. The Red Devils scored their runs on two hits.

They committed three errors. Jim Ohlendort doubled twice for the Red Devils, and in the seventh, James Latin was safe on an error. Raymond Mosby got on with a fielder's choice, and both scored when Ohlendort doubled.

Valfmeyr batters got a four bagger in the second inning with one man on base and another one in the sixth inning with two men on.

Mosby went the distance on the mound for the Devils.

The Red Devils play Bunker Hill at Venice today.

## Trojans Bow Twice In Weekend Battles

Lebanon defeated the Madison High School baseball team 15-5, Saturday and St. Paul of Highland downed the local Trojans 7-3 Friday.

Lebanon had 15 hits and one error, while the Trojans collected four hits and committed seven errors.

Lebanon started off with a nine-run first inning, while the Trojans scored one run in the first.

The Trojans tried to come back in the third by pushing three runs across the plate. The Lebanon pitcher walked four men in a row, Austin Lewis doubled two Trojans home.

But Lebanon came back and scored three more in the second inning.

Bert Thompson went all the way on the mound Thursday

for the Trojans.

In Friday's game Courtney Prothro relieved Curt Holmes on the mound for the Trojans and was charged with the loss.

The Trojans scored two of their three runs in the fourth inning. Bert Thompson got on base on an error and John Gardner doubled, putting Trojans on second and third.

Bob Link doubled but was picked off by the Lebanon pitcher in the fifth when Lewis led off with a single, stole second and third and was charged with the loss.

The next three Madison batters were struck out.

The Trojans travel to Roxana today.

## GC Race Driver Hurt Seriously In Crash

Ronnie Perkins, 21, of 1107 Madison Ave., a sprint car driver, is under intensive care in the burn unit of Barnes Hospital, St. Louis, as the result of injuries suffered when his sprint car exploded during a race Friday evening at Topeka, Kan.

Observers said his car went out of control during a race and burst into flames with Perkins inside the auto. The heat of the fire melted Perkins' face mask and destroyed the interior of the car.

The injured Perkins was flown to the St. Louis hospital by race driver Jerry Blundy who also competed in the race.

Hospital officials told the family that Perkins suffered severe burns of both arms and legs and a large portion of his body. He is expected to remain under intensive care for several weeks.

## Grant, Gifts Brighten River Festival Hopes

The Missouri Arts Council is considering giving financial aid to the Mississippi River Festival, it was announced Saturday by Lyman Field, council chairman. A decision will be made within the next few weeks on what the council would contribute, he said.

A \$50,000 grant made to the festival by the Illinois Arts Council and two anonymous donations have brightened prospects that the mid-summer series of concerts can be staged for the third successive year at SIU-SW, John S. Rendleman, chancellor, said.

The funds already designated will be added to those collected through a chain of pyramid parties given by festival supporters. The pyramid project goal is \$100,000 by June.

Rendleman told the SIU board of trustees Friday that the April snowstorm caused severe damage to the large SIU-SW tent. Repairs to the tent may top \$5,000.

## Miss Kathleen Smith Wed at St. Stephen's

St. Stephen's United Church of Christ, St. Louis, was the scene of the wedding of Miss Kathleen Sue Smith and Gregg W. Travis March 27.

The bride is a daughter of Mr. and Mrs. Wayne K. Smith of St. Louis County, and a granddaughter of Mrs. Elsie L. Sheppard, 2139 E. 24th St. The bridegroom's parents are Mr. and Mrs. William G. Travis of Ballwin, Mo.

## Secy. of State Budget to Drop 246 Employees

Secretary of State John W. Lewis in announcing he has requested an appropriation of \$51.5 million from the Illinois General Assembly said "this represents a trim budget that will include a reduction of 246 in authorized personnel."

"This is an increase of only \$349,000 over last year's budget for the Office of Secretary of State," he said, "and the total figure includes the 3% payroll adjustment for all employees as recommended by Governor Richard B. Ogilvie."

Secretary Lewis also stated "in the past few months operations of the office have been studied extensively and areas have been found where more efficiency can and could be improved. I plan to be able to present the request for \$51,585,742, since it shows only a small increase over last year, and also that it is anticipated the office will generate nearly \$6 million in additional revenue in next fiscal year."

The Office of Secretary of State will produce an estimated \$29,541,000 for the fiscal year ending June 30 while the anticipated revenue for fiscal 1972, starting July 1, will be \$285,343,000.

Secretary Lewis said "creation of the Motor Vehicle Service Division, which now encompasses the former Driver License, Vehicle Licensing and Titles divisions forms a common bond; that of serving the needs of the motoring public of the State of Illinois. Over the years, procedures have been established which have not been changed and updated to keep pace with the increased workload of the office, resulting in inefficiency and a haphazard mode of operation."

"Short range accomplishments in creating the new division include a centralization of fiscal affairs for stronger control, particularly in expenditures; the elimination of overlapping duties and coordination of personnel to meet peak loads and emergencies."

"The bulk of the planned reduction in the work force of the State of Illinois will be in the new Motor Vehicle Service Division. There include 131 positions in drivers licensing, 46 in vehicle registration and 23 in titling operations, for a total of 200."

"The long range benefit of the reorganization will be that the present drivers license examining stations scattered throughout the state will be expanded to handle the sale and distribution of vehicle plates and to enable the public to order titles and other registrations pertaining to the office."

## Library Week Opens With Special Events Planned

Library Week will be observed by Quad-City area libraries beginning today and continuing through Saturday, with emphasis on new books for children and young adults.

The Madison library will conduct a story hour for students in the elementary grade level Saturday, April 24, beginning at 2 p.m. Other activities for the afternoon will be a handicraft session and musical games followed by light refreshments.

Regular hours will be observed. Classes in the Madison school system are invited to tour the facilities.

Mrs. Lewis also said a Book Fair will be held early in June and all residents who have any type of books they wish to donate can bring them to the library or call for pickup service. The exact date of the book fair will be announced later.

Mrs. Mary Gene Knafkin, Granite City librarian, announced there will be new books to stimulate children's interest in the children's department where they also will receive small gifts as they visit the specific area of the library.

She said more than 12 classes from the public schools have made reservations for special informative tours.

Each elementary grade in the Venice school district will visit the library during the week with Mrs. Sybil Robbs, librarian, explaining the use of the books and how each child can obtain a library card.

Mrs. Robbs said there will be new books for all grade levels on display during the week during regular library hours.

The third grades of Blair School will visit the facility tomorrow as a school field trip.

preceding the official observance.

The public library system in the state of Illinois has 504 libraries to provide a source of reliable information, opportunity for continual self-education and supply recreational books. They are staffed with qualified persons providing a convenient and pleasant location for research or reading offering multiple services.

## Price Favors F-15, F-14 Fighter Bombers

U. S. Rep. Melvin Price defended Pentagon financing of the F-14 and F-15 fighter bomber developments last week when he toured McDonnell Douglas Corp. plant in St. Louis.

Price, chairman of the research and development subcommittee of the House Armed Services Committee, criticized comments by Sen. William Proxmire (D-Wis.) that the projects should be scrapped in favor of a single less sophisticated plane.

McDonnell Douglas has the F-15 contract and Grumman Aerospace Corp. is developing the F-14.

"The F-15 will outfight the Russian MIG-23 or any aircraft in being or in the future," Price said. "It will overtake the lead the Soviets now have in fighter aircraft."

"We need a superior fighter plane. We don't have it at this time. The F-15 will give us it and I don't see why it should be hindered."

## Madison Lawn Equipment

If you were going to design a lawn mower, where would you put the grass catcher?

On the right side, so it bumps into what ever's sticking up on your right? On the left side, so it does the same there?

The fact is, most grass bags are afterthoughts. They stick on one side. They simply weren't designed to be part of the mower.

The Snapper V-21 or 18 has its grass bag between the handles. You can close-trim on both sides, and vacuum your lawn while you're mowing. And the bag holds three times as much grass. We designed it that way.

In fact, all the good things about Snapper V-21 or 18 are logical. The result of sound design and planning by people who make lawn equipment and only lawn equipment. Not afterthoughts.

## State Board Says No to Ogilvie's Budget Cut Plan

The Illinois Board of Higher Education has turned down a recommendation by Gov. Richard B. Ogilvie to cut the budget for state colleges and universities by another \$187 million.

In a letter from George L. Clements, BHE chairman, to the House Appropriations Committee, the board said if the governor and the General Assembly want the budget trimmed, they will have to do it themselves.

Clements said Illinois would be abandoning its commitments to higher education, particularly to junior colleges, if the governor's cuts are approved.

In making budget recommendations last month, Governor Ogilvie avoided suggesting specific cuts, but left the details to BHE.

**Private Aid Requests**  
Clements said private aid requests last year would cost the state \$32 million in new money, equal to the amount given to all higher education by Ogilvie's recommendation and meaning no new money for universities, junior colleges and capital construction.

"It could mean thousands of students would be denied admission to our public colleges and universities," the letter said. "No new programs could be launched, including those in the health-care field and those for the disadvantaged."

"The planning, equipping and construction of new buildings would have to be drastically curtailed. There would be no money for salary increases for thousands of non-academic workers, as well as staff and faculty."

Illinois junior colleges, which receive 50% state funding, would be forced into a drastic curtailment of their programs under Ogilvie's recommendations, it was pointed out, unless local taxpayers pay the added burden in new taxes.

**82% Tuition Hike**  
Increasing tuition, Clements added, "means that 82% of the total increase for all of higher education in fiscal 1972 would be paid by the young people of Illinois and their families and 18% by their government."

The state may be unable soon to subsidize higher education, the board said, and Clements urged a search for alternatives.

A study may show that the state will be able to subsidize only a limited number of years of college, and then students would be required to pay the full cost of their education under some form of a deferred tuition program," Clements said.

MRS. JOSEPH A. RIBBING. A bride of Saturday. Before her marriage at St. Joseph Catholic Church she was Diane Louise Juneau.

## Diane Juneau Becomes Bride of Jos. Ribbing

St. Joseph Catholic Church was the scene of the wedding Saturday afternoon of Miss Diane Louise Juneau, a daughter of Mr. and Mrs. Edward N. Juneau, 2036 Delmar Ave., and Joseph Arthur Ribbing, whose parents are Mr. and Mrs. Joseph H. Ribbing, 2818 Sunset Drive.

The bride chose a floor-length gown of taffeta and Chantilly lace. It featured a natural waistline which formed a point at the front and back. The bodice, made of the lace, was designed with long sleeves and a high neck.

A Watteau train, cathedral length, was fashioned of tiers of lace and a hand rolled silk illusion veil was secured with a cluster of taffeta roses and lace petals. The bride carried an off-side cascade of stephanotis, white Sweetheart roses and variegated ivy, centered with a corsage of phalaenopsis orchids.

The maid of honor, Miss Suzanne Juneau, twin sister of the bride, and bridesmaids, Miss Jeanette Juneau, another sister, Miss Mary Sue Ribbing, the bridegroom's sister, and Miss Arlene Karlak, wore gowns of violet floral print chiffon with Empire waists, rolled collars,

slightly bloused bodices and long puffed sleeves cuffed with double ruffles.

Bows of matching chiffon secured their modesty veils and they carried parasols of chiffon from which spilled orchid, purple and white statice and white daisies.

Vincent Wiehardt, serving with three groomsmen, Jeff Hoelter, Kevin Ricks and Ken Patterson, Charles Juneau and Marvin Ribbing, brothers of the bride and groom, were ushers.

The former Miss Juneau is a graduate of St. Teresa Academy in East St. Louis and SIU-SW. She is now employed as a secretary.

Mr. Ribbing was graduated from Assumption High School and SIU. His present employment is with the Granite City Steel Co., in the cost accounting department.

The couple will make their home in Granite City.

A rehearsal dinner was given on Friday evening at the Rose Bowl by the groom's parents, Mr. and Mrs. Joseph H. Ribbing.

Guests included Mr. and Mrs. Edward Juneau and children, Charles, Joey, Suzanne, Jeanette and Diane Juneau; Mr. and Mrs. Norman Jones and son Thomas, the Rev. Kevin Sullivan, the Rev. Martin Managan, Arlene Karlak, Ken Patterson, Susan Hoelter, Kevin Ricks, Robbie Wallace, Mr. and Mrs. Vincent Wiehardt, Jeff Hoelter, Margie McGarrahan, Joe and Mary Sue Ribbing, and Mr. and Mrs. Marvin Ribbing.

MID-SUMMER BRIDE-TO-BE. Miss Deborah Elaine Wise whose engagement to Army Private Richard D. Cooper is announced by her parents, Mr. and Mrs. Jesse L. Wise, 2707 Buxton Ave.

## Miss Marilyn Schmitz Weds Terry D. MacZura

Altar arrangements of Easter lilies and greenery, together with lighted candles in branched candelabra, provided the setting Saturday at St. Pius X Church in St. Louis for the wedding of Miss Marilyn Ann Schmitz and Navy Airman Terry Duane MacZura.

The bride is a daughter of Mr. and Mrs. Arthur F. Schmitz, 229 Roderick Drive, St. Louis, and the groom's parents, Mr. and Mrs. Warren MacZura, reside at 3208 Aubrey Ave.

The Rev. William White, M.S., officiated at the 12 noon ceremony. Mrs. John Mudd presided at the organ and the soloist, Joseph Cuccie, sang "On This Day, O Sanctissima," "Ave Maria" and "Mother At Thy Feet We're Kneeling."

Escorted down the aisle and given in marriage by her father, the former Miss Schmitz chose a floor length gown of white organza and Alencon lace re-embroidered with pearls. Designed with a lace trimmed Empire bodice, the gown had a high neckline and long fitted sleeves forming points at the wrists. An A-line skirt was enhanced with appliques of lace and a deep hem of matching lace. The detachable train was edged in Alencon lace.

A petal crown of Alencon lace re-embroidered with tiny jewels held in place a tiered bouffant veil of white silk illusion and she carried a nosegay arrangement of yellow roses, white marguerite daisies and baby's breath edged in green foliage with long green velvet streamers.

Miss Kathy Davenport was maid of honor serving with Miss Linda Kertz, Miss Joanne Thomas and Miss Meg Anne MacZura, a sister of the groom, as bridesmaids.

They wore identical full length gowns with white lace Empire bodices, long sleeves and yellow chiffon skirts. Each carried a nosegay of yellow marguerite daisies, baby's breath and greenery, festooned with short loops of moss green velvet streamers.

Roger MacZura, brother of the groom, served as best man as proxy for Russell Hamilton who is on duty in Vietnam.

Greg Schmitz, brother of the bride, David MacZura, another brother of the groom and Dennis Wright were groomsmen. Raymond Schmitz, the bride's brother, and Michael Sexton acted the guests.

A reception for the guests was given immediately following the ceremony at the Santa Cruz Hall in St. Louis. Miss Kathy Ann Kibort, the groom's cousin, presided over the guest book.

Mr. and Mrs. MacZura en-

tertained members of the wedding party at a rehearsal dinner on Thursday evening in their home.

Mrs. Schmitz chose for her daughter's wedding an aqua blue ensemble trimmed with lace, complemented with white accessories and a white moth orchid corsage on her purse.

The groom's mother selected a spring green lace dress with matching lace coat and white accessories with a gardenia corsage.

A graduate of Rosary High School in 1969, the former Miss Schmitz was employed in the offices of the Missouri Secretary of State. Airman MacZura, a 1968 graduate of Granite City High School, has completed two years of a four-year enlistment in the Navy. He and his wife will make their home in Monterey, Calif., where the bridegroom is stationed at a Navy Auxiliary Landing Field.

## 'Secretaries Week' Events Planned

Conforming to the nation-wide observance of "Secretaries Week," the mayors of the Quad-City area have officially dedicated the current week to recognition of local secretaries and designated Wednesday as "Secretaries Day."

On hand for the signing of a proclamation Thursday in the office of Granite City Mayor Donald Partney were representatives of the Tri-City Chapter, National Secretaries Association (International).

Chapter officers viewing the brief ceremony were Bernice DeRousse, president, and Dorothy Ashford and Louise Hemming, activities co-chairmen for "Secretaries Week."

In announcing the events planned for the week, Mrs. DeRousse stated, "Although NSA officially sponsors Secretaries Week, observance is not limited to our members alone, but to all secretaries everywhere who are an indispensable and integral part of management's administrative team in business, industry, education, the professions and government."

"Special attention during Secretaries Week will be focused upon the Certified Professional Secretary program which provides certification to secretaries completing the examination successfully," Mrs. DeRousse stated.

At the present time, the Tri-Cities Chapter has one CPS which is Mrs. Charlene Yumovic, she noted.

Mrs. Dorothea Maley will serve as chairman of special events planned for this week.

Chapter activities include "Be Nice to your Boss Day," today; a buffet dinner at Sunset Hills Country Club, Tuesday; luncheon at the St. Louis Playhouse Club, Wednesday; cocktails at the home of NSA member, Mrs. Betty Borsch, Thursday.

A surprise activity on Saturday. The group attended church services at Our Lady of Snows in Belleville Sunday.

Area secretaries interested in participating in Secretaries Week events may contact Mrs. Dorothea Maley, Office of the President SIU-SW campus.

Contents of the mayors' proclamation are as follows:

**SURPRISE SHOWER FOR MISS DOMBROSKI**  
Miss Mary Dombroski was the honoree at a surprise kitchen shower last week given by her sister, Mrs. Martha Kismex, in her home, 1894 Second St., Madison.

Miss Dombroski will be married July 3 to Royce Morgan at Sacred Heart Polish National Catholic Church in Madison. After the gifts were opened,

the annual scholarship tea of the American Association of University Women of Granite City, held Saturday at St. Peter United Evangelical Church, featured a coordinated presentation of songs and an originally written program entitled, "Feminine Fantasy."

Mrs. John P. Galanis of St. Louis offered a series of her original writings, both humorously and whimsically written, divided into four segments—"I Just Happened to Have Some Pictures, By a Grandmother of 12," "Women's Liberation," "Are You One of Those Brisk Individuals Who Can Throw Things Out?"

Paul Mabry, a graduate of SIU and choir and youth director at Nidringhaus United Methodist Church, and Miss Debbie Hightower, an SIU-SW student majoring in music, presented duet numbers, "Anything You Can Do I Can Do Better" from "Annie Get Your Gun" and "Do You Love Me?" from "Fiddler on the Roof."

Miss Hightower also sang "Second Hand Rose" from the Broadway musical "Funny Girl" and Mabry's solo number was "I Sit Beside the Fire." Miss Elsie Mayhugh, Prairie Junior High School music instructor, provided piano accompaniment.

Mrs. Galanis concluded the program with the poem "Take Time," and tea sandwiches, cakes, nuts and mints were served the guests.

## Book Review-Baffling Mysticism

ENCHANTMENT, By Linda Grace Hoyle. Houghton Mifflin, \$5.95.

In this novel, a woman named Belle, now a grandmother, looks back over her life in rural and small town Pennsylvania.

It is a curiously indirect, impressionistic sort of autobiographical tale told by a woman who has been a loner all her life.

Belle was an only child surrounded by older relatives, and that seems to have been the pattern for the whole family—one member of the old generation growing up among the elders.

She was considered odd because she was plain-faced and shy.

As the narrative switches back and forth from one generation to another, it be-

comes apparent that Belle always has sought to break out of her ingrained personality and establish a connection with the more communicative world.

Toward the end, it appears she reaches fulfillment through the success of her son, Eric, a novelist, who also is an only child.

The prose style is delect and at times almost lyrical.

Yet the writing is so filled with ephemeral, vaporous thoughts—and the dialogue is so replete with enigmatic, unfinished statements—that it has to follow.

This is the sort of novel that some readers may find engrossing because of its perceptive insights, but it may strike others as a baffling, foggy bit of personal mysticism.

## Pre-Paid Health Maintenance Plan Recommended by State Government

By GOVERNOR RICHARD B. OGILVIE

I believe I have good news for all Illinois families.

We all know we would like to be entitled to the right of access to good health care, and I feel I am implied in our Constitution by the phrase, "life, liberty and the pursuit of happiness."

But we would have to agree that this condition does not exist in Illinois, particularly in the hearts of our cities and in rural Illinois.

I have proposed to the General Assembly a comprehensive list of programs in four broad areas.

These are:

Pre-paid care through "health maintenance organizations," comprehensive planning and financial aid for health facilities, means of establishing controls over soaring costs, and special programs for nursing homes, more available blood supplies, and a statewide network of trauma centers.

Our present system of health care seems to have forgotten the maximum to an ounce of prevention and a pound of cure.

It has made the ounce of prevention unavailable and the pound of cure inevitable.

Too often, a person needing care is afraid of the bill or unable to find a doctor.

As a result, he does not seek care until his condition is acute.

Then the doctor, who may not be worried about the patient's condition and about the cost of his care, puts him into a hospital where the care is the most intensive and the payment most burdensome.

I have proposed that the state support planning grants to establish Health Maintenance Organizations.

The organizations would be a voluntary association of patients and doctors, in which the patient would pay a monthly fee for regular medical care for himself and his family.

The Health Maintenance Organization (HMO) offers a chance to make the prevention more available and the cure less expensive.

These community-based group-practice organizations offer a system of paying the doctor for protecting the patients.

Monthly payments are the only bill the patient receives. He does not pay extra when he is sick.

In return, the group of doctors employed by the HMO provides all necessary health care from physical examination to hospitalization.

Thus, effective prevention is encouraged.

I have also asked the General Assembly for legislative authority to permit the state to issue revenue bonds and low interest loans for the construction and expansion of health facilities.

The facilities would then repay the state through their charges and thus pay out the state none of its funds.

More and more frequently, the state must lend to providing health care. We would like solutions for specific health needs beyond the technical and financial capabilities of the local

## \$750,000 Suit Filed On Malpractice Charge

A malpractice suit for \$750,000 has been filed for George C. Whaley, administrator of the estate of Nell M. Whaley, against St. Elizabeth Hospital and Dr. Zaki Sheikh in Madison County Circuit Court at Edwardsville.

The complaint alleges that Mrs. Whaley, while a patient in the hospital's intensive care unit following surgery, died on April 6, 1970, as the result of negligence.

It contends that hospital personnel failed to assure that an endotracheal tube needed for respiration was permitted to remain in place and that proper restraints were not used on the patient to prevent her movement while she was under anesthesia. Cause of death was listed as a cardiac arrest.

## GS1 Guard Attacked; Venice Man Charged

Responding to a call from General Steel Industries at 12:27 a.m. Saturday, Granite City police learned from a plant guard that a man found in the cafeteria area had beaten the guard, taken a .38 caliber Colt revolver and fled.

A short time later Madison police arrested Leroy Loving, 39, of 645 Mercedia Ave., Venice, at his home. Loving was booked on charges of battery, theft and burglary at Granite City police headquarters.

GS1 Guard Charles W. Cope told officers in making the rounds of the steel mill property he discovered Loving in the cafeteria and while trying to take him into custody the man jumped him, got his revolver and fled through a side door. Cope was cut on the hand and struck several times, police said.

Nothing appeared to be missing from the cafeteria, Cope said. Entry into the area was gained through a rear window.

Richard G. Wooley, Lockhaven Hill Lane, Godfrey, 44-year-old plant manager of Petro Processing Corp., Granite City, pleaded not guilty when arraigned before United States District Judge Homer Poos at Springfield Thursday on charges of attempted evasion of income taxes.

## Ronald Laboray to Begin Rehabilitation Training

"We want to thank everyone in Granite City and the nearby communities for their prayers, cards and donations to the Ronald Laboray Fund," the wife of the left arm in Vietnam said last week.

Army Sergeant Ronald E. Laboray Sr., 31, seriously wounded when a booby trap detonated while he was on a combat mission Feb. 13, spent the Easter holidays at home with his wife, Leta, their 13-month-old son, Ronald Jr., and his parents, Mr. and Mrs. Lewis P. Laboray Sr., 3034 Myrtle Ave.

"We especially want to express our deepest gratitude to the Rev. Paul Surbey, pastor of St. John United Church of Christ, and those who were instrumental in starting the fund," Mrs. Laboray said.

Public contributions to the Ronald Laboray Fund were

sought partially to assist the family with travel expenses to visit him during a lengthy hospitalization period. The fund currently stands at about \$3,000 Mrs. Laboray said.

"Ron is feeling very well and really enjoyed being home with the family," she commented. His wife and a brother, Lewis P. Laboray Jr., obtained a car and were to drive the Vietnam veteran back to Fitzsimmons Army Hospital in Colorado last week.

Sgt. Laboray will remain at Fitzsimmons for about four weeks when he is expected to be transferred to the Hines Veterans' Hospital in Chicago to start a 16-week vocational-rehabilitation training program. The serviceman has undergone surgery on several occasions, including twice in Vietnam. He had been stationed in Vietnam since Nov. 16 and was

assigned to the 12th Infantry, 25th Infantry Division in the vicinity of Long Binh. He entered the Army 20 months ago and received basic training at Fort Ord, Calif., and was graduated from Non-Commissioned Officers School at Fort Benning, Ga.

A 1968 graduate of Granite City High School, Sgt. Laboray was employed at American Zinc

Co., in Sauget, Ill., before enlisting in the service. He is a member of St. John United Church of Christ.

His speedy progress toward rehabilitation, in less than a two-month period, primarily was credited by Army officers to the high standard of morale the youthful soldier had exhibited since first he was hospitalized, it was learned.
